FISH PICNIC

Explore Medulin`s archipelago with our half-day excursion in a relaxing and intimate atmosphere by boat for up to 12 persons. The trip begins with a slow panoramic sail toward the southernmost point of Istria – famous Cape Kamenjak Nature Park where cliffs and underwater caves can be found. We stay half an hour (30 minutes) for visiting a cave and swimming in clear waters and untouched nature. The ride continues to Porer, the former Austro-Hungarian Lighthouse, built in 1846. By sailing slowly and sightseeing of other isles (Bodulaš, Ceja, Finera) and hidden coves, accompanied by a strayed dolphin, we head towards Levan, the northernmost and the only sandy island, where we stop for lunch which is served on the boat. The trip ends with the 2-hour break on the island Levan to undisturbedly enjoy the crystal clear sea, sand and sunbath.
